 Serial No.: 10/803,143
Our Ref. No.: P57019

Sir:

In conformance with the telephone discussions between Applicants' undersigned Attorney, the Examiner and the Supervisory Primary Examiner during the past week, and in response to the Examiner's erroneous statement that :

"The Information Disclosure Statement filed on 01/17/2007 fails to comply with 37 CFR §1.98(a)(2) with respect to non-English document *Office Action* from Korean Intellectual Property Office ... "

Applicant submits herewith a complete English language translation of the Office action issued by the Korean Intellectual Property Office in Applicants' corresponding Korean Patent Application No. 10-2003-0040808, which action is dated on 31 March 2005, together with a copy of PTO form-1449 listing that reference and indicating that an English language translation has been provided.

Applicant notes that the forgoing excerpt of the Examiner's statement taken from page 2 of the Examiner's Comments which accompanied the *Notice of Allowability*, Paper No. 20070215 is incorrect. Specifically, 37 CFR §1.98(a)(2) simply provides that the Applicant should provide "a legible copy of: (i) each foreign patent; (ii) each publication or portion that cause it to be listed other than U.S. Patents and U.S. Application Publication unless requested

U.S. Patent Application No. 10/803,143

by the Office; (iii) for each cited pending unpublished U.S. Application, the application's specification including the claims, and any drawing of the application, or that portion of the application which caused it to be listed including any claims directed to that portion; and (iv) all other information or that portion which caused it to be listed." Absolutely nothing in 37 CFR §1.98(a)(2) requires an English language translation. This is especially true where no English language translation exists or has been prepared.

Accordingly, the Examiner's requested to carefully consider the enclosed English language translation without withdrawing this application from issue, unless, in the considered opinion of the Examiner, such may be necessary.

Applicant takes this opportunity to express its appreciation for the cooperation received from the Supervisory Primary Examiner and the Examiner.

Should issues arise however, the Examiner's are requested to telephone Applicants' undersigned Attorney in order that those issues may be immediately addressed.

Respectfully submitted,

Robert E. Bushnell
